

### Mentor-Mentee system

The Mentor-Mentee system in higher education is encouraged under student support mechanisms of the University Grants Commission to strengthen student guidance, well-being, and academic progression. It is commonly implemented as part of institutional quality initiatives and is often documented during accreditation by National Assessment and Accreditation Council under Criterion V – Student Support and Progression.

#### **Rationale of Mentor-Mentee System (as per UGC-oriented practices)**

##### **1. Personalized Academic Guidance**

The mentor-mentee system ensures individual academic support for students. Faculty mentors guide students in:

- \* Course selection
- \* Academic planning
- \* Exam preparation strategies
- \* Career pathways

##### **2. Early Identification of Student Problems**

Through regular interaction, mentors can identify:

- \* Learning difficulties
- \* Attendance issues
- \* Psychological or emotional stress
- \* Financial or family-related problems

This helps institutions intervene before problems become serious.

##### **3. Holistic Student Development**

The system promotes development beyond academics, including:

- \* Personality development
- \* Leadership skills
- \* Ethical values
- \* Social responsibility

##### **4. Improved Student Retention and Success**

Mentoring increases student engagement with the institution, reducing dropout rates and improving:

*Sudhin Singh*  
*[Signature]* *[Signature]* *[Signature]*

- \* Academic performance
- \* Graduation rates
- \* Career readiness

#### **5. Strengthening Teacher–Student Relationship**

A structured mentoring system creates a supportive academic environment, encouraging open communication between faculty and students.

#### **6. Career and Professional Guidance**

Mentors help students with:

- \* Higher education opportunities
- \* Competitive exam preparation
- \* Internship and skill development guidance

#### **7. Support for Student Well-being**

Mentors can guide students toward institutional support services such as:

- \* Counselling
- \* Scholarship schemes
- \* Skill training programs
