

### **Institutional Distinctiveness during the academic year 2017-18**

Among many traditional games Kabaddi played and promoted by college, because it is very old and traditional but very popular rural game. The college tries its level best to develop this game at the grass-root level. Our college has a good *kabaddi* team which takes part in inter-college, inter-university and state level tournaments and championships and earns laurels for the college. During the academic year 2017-17 two of our students participated and secured medals in North Zone Intercollegiate competition.
